

BAR REPORT ANUUAL GENERAL MEETING OF TODMORDEN HIPPODROME

This seems a very strange report given our thriving finances over the past few years. However, I would like to thank all who helped during the year on the bar and especially David who is constantly doing jobs around the bar area in order that we continue to offer our best on re opening. I also thank those who continue to work in other areas at a safe distance throughout the pandemic in keeping our theatre well maintained. The figures are taken from just 32 weeks of trading.

Our takings total £18,740 with the cost of stock being £10,575 we had to spend money ourselves on replacing the glass washer and a few other sundries at a cost of £1,673. This still means we have been able to contribute £7,372 to the General Fund.

All that remains is for me to ask that everyone keeps safe and wish you peace, love and hope in that it won't be long before we can once together meet with our own families but also our theatre family.

Take care and God's blessings

Rowena Green
